PROFILE

Final-year B.Tech (IT) student with hands-on experience building AI-powered applications and automating real-world workflows in Python. Comfortable using modern AI tools — ChatGPT, Claude, and Gemini — to accelerate development, alongside a strong foundation in DSA, DBMS, and Computer Networks. A quick learner who enjoys turning ideas into working software, looking to contribute to AI, automation, and backend projects in a fast-paced, collaborative team.

EDUCATION

2022 – 2026
Kolkata, WB

Bachelor of Technology (B.Tech) — Information Technology
Narula Institute of Technology
CGPA: 7.7 / 10 (up to Semester 7)

2020 – 2022
Jhargram, WB

Higher Secondary Education (Class XII)
Jhargram Kumud Kumari Institution — West Bengal Council of Higher Secondary Education
Percentage: 91%

2018 – 2020
Jhargram, WB

Secondary Education (Class X)
Jhargram Kumud Kumari Institution — West Bengal Board of Secondary Education
Percentage: 76%

SKILLS

Programming Languages
Python, C++, Java

AI Tools
ChatGPT, Claude, Gemini — AI-assisted development & prompt engineering

Tools & Platforms
Git, GitHub, VS Code, Linux, Windows

Core CS
Data Structures & Algorithms, DBMS, Operating Systems, Computer Networks

Additional
Electronics & IoT (Arduino, sensor interfacing)

PROJECTS

Real-Time Coral Health Monitoring System Using YOLOv8

- Built an AI-powered, deep learning-based system in Python to detect multiple coral health conditions in real time from underwater imagery, using the YOLOv8 object detection model.
- Built and annotated a custom image dataset and implemented data augmentation pipelines to improve model robustness.
- Trained and evaluated multiple model variants, comparing accuracy trade-offs — full-cycle AI application development from raw data to a working, testable system.

VOLUNTEER EXPERIENCE

Cultural Fest Organizer — Narula Institute of Technology

- Led end-to-end planning of the annual cultural fest, coordinating a team of 15 volunteers across logistics, vendor negotiations, and sponsorship outreach.
- Worked closely with technical and non-technical stakeholders to successfully execute 5+ workshops for 200+ student participants — strong cross-functional communication and problem-solving under deadline pressure.
